Passion has always been the driving force at Perception- a passion for paddling; a passion for design and a passion for producing exceptional kayaks. In the 70's we pioneered the plastic kayak and since then we've led the industry with innovations that have opened the sport to new paddlers and expanded the capabilities of experienced paddlers. It was almost 30 years ago when a few passionate souls thought that they could produce a better boat. Today that same passion drives us to produce the best boats available and has made us one of the world's leading kayak brands.
CAROLINA 12

We’ve fully re-engineered the Carolina for 2007 into a boat that is easier to paddle and more comfortable than ever before. The new Carolina provides a platform that is stable and effortless to paddle.

NEW!

The Carolina series has long been the standard by which all other transitional touring kayaks are measured. But at Perception we strive to surpass standards. Under the lead of legendary designer Bob McDonough, we’ve fully re-engineered the Carolina for 2007 into a boat that is easier to paddle and more comfortable than ever before, while retaining the characteristics that has made it so popular. Featuring a new high performance v-shape hull with soft chines, the new Carolina provides a platform that is stable and effortless to paddle, while the new Zone outfitting provides superior comfort and customization.

The Search is a sit-on-top kayak that is weather friendly and stable. The bow of the Search is very buoyant giving it superior performance in the surf. The stern of the boat features a tankwell that allows easy access to stowed gear.

**SEARCH 13**

For anglers looking to land the elusive big one and recreational paddlers looking for a smooth ride the “search” is over. The Search is a sit-on-top kayak that is weather friendly and stable. The bow of the Search is very buoyant giving it superior performance in the surf. Scupper tubes in the seat and foot area quickly drain any water that may enter the boat. The stern of the boat features a tankwell that allows easy access to stowed gear.

**SEARCH 15**

The Search 15 has all the same features of the 13 with more room to store your gear.

**NEW!**

## Rotomolded Colors

With the exclusive return of Polyethylene Hyper-Density Resin (the first of its kind), Perception "boats continue to be stronger, stiffer and more resistant than any boat out there. Polyethylene perfectly balances durability versus weight and delivers a consistently smooth finish with rich, vibrant color.

- **Blue**
- **Smoke/Blue**
- **Orange**
- **Red**
- **Yellow**
- **Red/Yellow**
- **Sand**
- **Spruce**
- **Olive**
- **Camo**

## Airlite Colors

Airlite™, the breakthrough material that is revolutionizing the kayaking industry is something that we helped grow from an idea into reality. Airlite™ is a co-extruded, high-impact acrylic over premium ABS- that will stand up to any type of water. So now there's finally a material in existence that is light and stiff like composite kayaks with the durability and price of plastic. But before you even climb into one of these boats, you'll notice that glossy shine.

- **Blue**
- **Red**
- **Yellow**

### Seat/Backrest
- **SEAT/ BACKREST**
  - Sculpted, channeled, and vented foam self-drains and conforms to your shape, whatever your shape.
- **THIGHBRACES**
  - Ingenious thigh brace design produces infinite articulation and optimum comfort and mastery of this critical point. **ON SELECTED MODELS ONLY**

### EXP. TOURING CFS
- **ERGONOMIC SEAT WITH LIQUICELL® TECHNOLOGY**
  - Our expedition boats are made to put in the miles and our outfitting is no different. We designed an ergonomic seat that cradles your body with leg lifts and rounded edges. A LiquiCell® seat pad uses shear-reducing technology for additional comfort and reduction of lower back stress.
- **CAMLOCK™ ADJUSTABLE BACKBAND**
  - Combining solid boat control with easy adjustability and extreme comfort, we recessed the cam buckles into thighbraces so you can adjust them quickly from the cockpit. Non-slip webbing is routed from the buckles to both sides of the backband and elastic straps keep it firmly in place.
- **PRECISION ADJUSTABLE THIGHBRACES**
  - Comfort and control with two inches of fore and aft adjustability. And all this without sacrificing stiffness.

### AIRALITE CFS
- **RATCHET ADJUSTABLE BACKBAND**
  - Easily hone your own comfort level with ratchet buckles that allow quick, secure adjustment of your backband. It's comfort that enhances performance.
- **INTEGRATED THIGHBRACES**
  - Performance-enhancing thighbraces help stiffen the cockpit rim as well as give you the leverage you need for maneuvering or rolling. We’ve padded them with thick, customizable neoprene so they’re as comfortable as they are effective.

### SIT-ON-TOP CSS
- **ROUNDED EDGES**
  - Our sit-on-tops feature smooth, rounded edges that make it easy to change your seating position if you're fishing and make sliding on and climbing off your boat pain-free.
- **KEEPERS™ FOOTBRACES**
  - Footbraces that feature great support, easy adjustability and contoured footpads make for outstanding barefoot comfort.
- **SEAT/ BACKREST**
  - Sculpted, channeled, and vented foam self-drains and conforms to your shape, whatever your shape.
  - Mesh pockets/Knee pads for storage and comfort.
- **SIT-ON-TOP CFS**
  - **ROUNDED EDGES**
    - Our sit-on-tops feature smooth, rounded edges that make it easy to change your seating position if you're fishing and make sliding on and climbing off your boat pain-free.
  - **KEEPERS™ FOOTBRACES**
    - Footbraces that feature great support, easy adjustability and contoured footpads make for outstanding barefoot comfort.
